## Letter in opposition to H.B. 5653

- H.B. 5653 will make it hard for people already struggling in our economy to own and train properly
- H.B. 5653 would be on par with consideration towards a sin tax
- H.B. 5653 responsible gun owners are being penalized for the actions of criminals
- Guns and ammo are ALREADY subject to an additional **11% tax** on top of the CT sales tax
